

RoHS & WEEE Compliance labels

A range of standard labels is available to help meet the RoHS (2002/95/EC) & WEEE (2002/96/EC) Directives, as well as making lead-free components, PCB's and finished products instantly recognisable during your manufacturing process.

The products below are part of our standard range of labels; we offer a custom design service so if you require a specific size, material or format please contact us for further information or a quotation.
